Bob

EPA approves the LWG's request (per your email below) for an extension of the deadline to invoke dispute resolution with regard to EPA's direction on the RAOs for the Portland Harbor. The new deadline is October 7, 2009.

We are looking forward to having productive discussions at our September 25, 2009 meeting.

RAO Response Extension

Hi Chip,

As we've been discussing, the LWG is requesting an extension of the deadline to invoke dispute resolution on EPA's August 7 direction on preliminary remedial action objectives for development of the Portland Harbor feasibility study to allow further discussion of these issues during our upcoming meeting to discuss ARARs and points of compliance. This meeting has now been scheduled for September 25, and so we have agreed upon a new deadline of October 7, 2009. Please confirm EPA's agreement with this extension by reply to this email.

Thank you.

Bob
